## FOOTBALL TRAINING MACHINE

***Powapass is a football training tool that will allow players to enhance skills, increase fitness and ultimately improve their game!***

**Ideal for one-on-one coaching, training solo or together as team, the Powapass will assist in the development of players at all skill levels.**

### NEW & IMPROVED PORTABLE DESIGN

Now fitted with durable wheels and a lightweight plastic body construction, the Powapass is more portable than ever!

With a rechargeable battery and improved portability, you can now train any time, any where - improving your game in your own backyard, down at the park or at the local pitch.

### FLEXIBLE TRAINING OPTIONS

The Powapass offers adjustable ball delivery at a variety of angles.

With an easy swivel function, 5 speed controls and a total passing zone of up to 25 metres, you have the flexibility to train for all game scenarios.

### EASY OPERATION

Training solo has never been easier - with remote control operation there are no limitations or barriers for your solo training schedule.

Alternatively, one-on-one coaching or group training is a breeze with manual or remote control operation.

The unique ball repeat function, ball alert buzzer and flashing lights all add to the ease of experience, making your next training session stress-free.
